Dear Chip,

Several weeks ago I wrote Jim asking him how to reach you.

I've had no response.

He had said you were in the area.

I regret that when you moved to CA I discarded the rotodex card with your ^{mo/}~~neither's~~ and brother's addresses on it.

I would like to see you if possible and if not to talk ~~to~~ to you.

After long delays NEVER AGAIN! is in page proof and is about to be published.

With attention it had considerable potential

I use the transcript of your fine Dolce interview in it, with extensive quotations of the transcript.

I'd like very much to be able to use it in connection with the book.

Better would be to have a cassette of him speaking the words I use.

There is also a possible aspect I'd like to discuss with you.

Hope your move has made both of you happier and that you have found something worthwhile to do.

Best to you both,

Harold
